

Backend Engineer

Company: Paymob

Location: Smart Village, Giza | **Type:** Full Time | **Level:** Mid Level (2–5 years)

About the Role

Paymob is seeking a talented **Backend Engineer** to join our growing team in Smart Village, Giza. This is an exciting opportunity to contribute to challenging projects in a collaborative, fast-paced environment. You will have a direct impact on our products and customers while working alongside a passionate and skilled team.

Key Responsibilities

- Collaborate with product managers and UX designers to translate requirements into features.
- Write clean, well-documented, and testable code following SOLID principles.
- Identify and fix performance bottlenecks, bugs, and security vulnerabilities.
- Design, develop, and maintain scalable web applications and RESTful APIs.
- Conduct code reviews and provide constructive feedback to teammates.
- Participate in Agile ceremonies: sprint planning, stand-ups, and retrospectives.
- Deploy and monitor services on cloud infrastructure (AWS / GCP / Azure).
- Contribute to architectural decisions and the technical roadmap.

Requirements

- 3+ years of professional software development experience.
- Strong problem-solving skills in a fast-paced environment.
- Experience with cloud platforms (AWS, GCP, or Azure).
- Experience with relational databases (PostgreSQL, MySQL) and NoSQL (MongoDB, Redis).
- Strong proficiency in Python, Node.js, Java, or Go.
- Knowledge of Git and CI/CD pipelines.

Nice to Have

- Contributions to open-source projects.
- Knowledge of message queues such as Kafka or RabbitMQ.
- Experience with microservices architecture.

Required Skills

React, PostgreSQL, Django/FastAPI, Docker, Agile/Scrum, Git, AWS

What We Offer

- Monthly team social events and annual company retreat.
 - Flexible working hours and hybrid work option (2 days remote per week).
 - Monthly transportation allowance.
 - Life insurance and disability coverage.
 - Competitive salary benchmarked to market rates.
 - Subsidised meals in the office canteen.
-

How to Apply

Send your CV and a short cover letter to careers@paymob.com with the subject line "**Backend Engineer – Application**". Only shortlisted candidates will be contacted within 2 weeks.
