

Cloud Engineer - AWS

Company: Fawry

Location: Smart Village, Giza | **Type:** Full Time | **Level:** Mid Level (2–5 years)

About the Role

Fawry is seeking a talented **Cloud Engineer - AWS** to join our growing team in Smart Village, Giza. This is an exciting opportunity to contribute to challenging projects in a collaborative, fast-paced environment. You will have a direct impact on our products and customers while working alongside a passionate and skilled team.

Key Responsibilities

- Deploy and monitor services on cloud infrastructure (AWS / GCP / Azure).
- Participate in Agile ceremonies: sprint planning, stand-ups, and retrospectives.
- Identify and fix performance bottlenecks, bugs, and security vulnerabilities.
- Write clean, well-documented, and testable code following SOLID principles.
- Integrate third-party APIs and payment gateways as needed.
- Design, develop, and maintain scalable web applications and RESTful APIs.
- Collaborate with product managers and UX designers to translate requirements into features.
- Conduct code reviews and provide constructive feedback to teammates.

Requirements

- 3+ years of professional software development experience.
- Familiarity with RESTful API design and GraphQL.
- Experience with cloud platforms (AWS, GCP, or Azure).
- Knowledge of Git and CI/CD pipelines.
- Strong problem-solving skills in a fast-paced environment.
- Understanding of containerisation with Docker and Kubernetes.

Nice to Have

- Familiarity with Infrastructure as Code tools like Terraform.
- Knowledge of message queues such as Kafka or RabbitMQ.
- Contributions to open-source projects.

Required Skills

AWS, PostgreSQL, Docker, Django/FastAPI, React, Python, JavaScript

What We Offer

- Flexible working hours and hybrid work option (2 days remote per week).
 - Stock options for senior roles.
 - Comprehensive private health insurance covering employee and family.
 - 21 days paid annual leave, increasing with tenure.
 - Monthly team social events and annual company retreat.
 - Subsidised meals in the office canteen.
-

How to Apply

Send your CV and a short cover letter to careers@fawry.com with the subject line "**Cloud Engineer - AWS – Application**". Only shortlisted candidates will be contacted within 2 weeks.
