

Data Engineer

Company: Khazna

Location: Nasr City, Cairo | **Type:** Full Time | **Level:** Entry Level (0–2 years)

About the Role

Khazna is seeking a talented **Data Engineer** to join our growing team in Nasr City, Cairo. This is an exciting opportunity to contribute to challenging projects in a collaborative, fast-paced environment. You will have a direct impact on our products and customers while working alongside a passionate and skilled team.

Key Responsibilities

- Define KPIs and success metrics with product and business teams.
- Monitor model performance and retrain as data distributions shift.
- Document methodologies, experiments, and results clearly.
- Design and maintain data pipelines for ingestion, transformation, and storage.
- Create dashboards and reports using BI tools to communicate findings to stakeholders.
- Perform exploratory data analysis to uncover insights from large datasets.
- Stay current with ML research trends and evaluate new techniques.
- Build, train, and evaluate machine learning models for business problems.

Requirements

- Experience with data visualisation tools such as Tableau or Power BI.
- Solid understanding of statistical concepts: regression, clustering, hypothesis testing.
- Experience with SQL and relational databases.
- Strong proficiency in Python (pandas, NumPy, scikit-learn, PyTorch or TensorFlow).
- Ability to communicate technical findings to non-technical audiences.
- Bachelor's or Master's degree in Computer Science, Statistics, or a quantitative field.

Nice to Have

- Experience with NLP and transformer-based models.
- Published research or Kaggle competition experience.
- Familiarity with cloud ML services like SageMaker or Vertex AI.

Required Skills

Python, A/B Testing, SQL, Tableau, Data Visualisation, TensorFlow/PyTorch, Machine Learning

What We Offer

- Stock options for senior roles.
 - Paid maternity (90 days) and paternity (7 days) leave above legal minimum.
 - Comprehensive private health insurance covering employee and family.
 - Flexible working hours and hybrid work option (2 days remote per week).
 - Performance-based annual bonus up to 20% of base salary.
 - Subsidised meals in the office canteen.
-

How to Apply

Send your CV and a short cover letter to careers@khazna.com with the subject line "**Data Engineer – Application**". Only shortlisted candidates will be contacted within 2 weeks.
