

ML Ops Engineer

Company: Koinz

Location: Fifth Settlement, Cairo | **Type:** Full Time | **Level:** Mid Level (2–5 years)

About the Role

Koinz is seeking a talented **ML Ops Engineer** to join our growing team in Fifth Settlement, Cairo. This is an exciting opportunity to contribute to challenging projects in a collaborative, fast-paced environment. You will have a direct impact on our products and customers while working alongside a passionate and skilled team.

Key Responsibilities

- Document methodologies, experiments, and results clearly.
- Implement A/B testing frameworks and analyse experiment results.
- Collaborate with engineers to deploy models to production environments.
- Design and maintain data pipelines for ingestion, transformation, and storage.
- Stay current with ML research trends and evaluate new techniques.
- Perform exploratory data analysis to uncover insights from large datasets.
- Define KPIs and success metrics with product and business teams.
- Build, train, and evaluate machine learning models for business problems.

Requirements

- Strong proficiency in Python (pandas, NumPy, scikit-learn, PyTorch or TensorFlow).
- Bachelor's or Master's degree in Computer Science, Statistics, or a quantitative field.
- Solid understanding of statistical concepts: regression, clustering, hypothesis testing.
- Ability to communicate technical findings to non-technical audiences.
- Experience with data visualisation tools such as Tableau or Power BI.
- Experience with SQL and relational databases.

Nice to Have

- Published research or Kaggle competition experience.
- Knowledge of MLflow or similar experiment tracking tools.
- Familiarity with cloud ML services like SageMaker or Vertex AI.

Required Skills

Machine Learning, Tableau, SQL, Spark, MLflow, A/B Testing, Data Visualisation

What We Offer

- Comprehensive private health insurance covering employee and family.
- Subsidised meals in the office canteen.
- Paid maternity (90 days) and paternity (7 days) leave above legal minimum.
- Flexible working hours and hybrid work option (2 days remote per week).
- Access to LinkedIn Learning and external training budget (EGP 5,000/year).
- Monthly team social events and annual company retreat.

How to Apply

Send your CV and a short cover letter to careers@koinz.com with the subject line "**ML Ops Engineer – Application**". Only shortlisted candidates will be contacted within 2 weeks.
